The **BRISTOL BUJA HOTEL** is managed by **BUJA FAMILY** since three generations. It is placed in a 20.000 squared meters park and it welcomes you in a luxury, elegant ambient, studied in every detail. We must emphasize the cook, that offers, besides exquisite dishes and classical wines, hypocaloric menus based on Mediterranean diet, ideal to be tasted in the sumery Restaurant adjacent to the pool. In the modern thermal department it is possible to follow complete and personalized programs of fango-bathing thermal therapy, of classical and sweet gymnastic, of rehabilitating kinesitherapy and of hydro gym. The beauty centre, headed by an aesthetic surgeon, a specialist in nourishment sciences and a physiater, proposes beauty and aesthetic programs, that are in the forefront, numerous types of body and face massages, hardening and dermal-purifying treatments. Besides, the hotel has at its own disposal the Sauna Kingdom, two tennis courts, bicycles, four thermal swimming-pools (1 indoors, 2 outdoors with different temperatures and 1 physiotherapeutic), an equipped fitness room and for your golf training a hole Par 3 of 70 meters. The Hotel is associated with Frassanelle Golf Club, Padova Golf and Montecchia Golf Club.
